PROBLEMS

Our goal is to conquer the lack of inadequate private and fast transport services, i.e.: home deliveries and in case of emergencies.

-In Kilifi, we lack online taxi services. That's why Imatrans got you!

-our services will be online to make it easier for you in case of anything and transport.

-with Imatrans we've covered you and safety is our first priority.

-Right now, here in Kilifi you cannot order a cab anytime. You must have contacts or go out to find a cab.

-We are here for you! order your ride online, we pick you at the comfort of your home within a short time after your order at an affordable price.
